| Bob Russell       | Legal counsel for SRM Development (by conference call)       | <a href="mailto:Bob.russell@procopio.com">Bob.russell@procopio.com</a>   |

#### PURPOSE

Discuss case

#### DESIRED OUTCOME

Identify Impediments to closure

#### DISCUSSION TOPICS

Project schedule

Verification monitoring & sampling

Additional remediation

Engineering controls

#### CONCLUSION (Meeting Summary; Action items; Follow up)

##### RP/Consultant-

1. Provide document uploads (UST removal, site over excavation & back fill, 2006 geotechnical investigation report, and Phase One ESA); update tables to reflect presence of SPH & EDC concentrations.
2. Prepare report outlining next phase of action- monitoring/remedial action.

##### ACEH-

1. Prepare letter outlining discussion topics, follow up items, and requests.
2. Provide environmental project scheduling example.
