James,

Antea Group has identified the borings to be advanced and the wells to be destroyed in a phone conversation and follow up email, both dated May 5, 2015. These have been authorized by Alameda County Environmental Health (ACEH) and may be permitted for implementation.

Should you have any questions regarding this correspondence or your case, please call me at (510) 567-6764 or send an electronic mail message at keith.nowell@acgov.org.

Thank you,
Keith Nowell

Dear Mr. Sprague,

Alameda County Environmental Health (ACEH) has received notification that a permit application to Alameda County Public Works Agency (ACPWA) has been submitted for the subject fuel leak case.

As presented, the permit is for 4 monitoring well destructions and advancement of 5 boreholes. Please identify what wells are being destroyed and which 5 boreholes are being advanced so a determination may be made for the appropriateness of the permit.

Please provide the information requested above in an E-mail correspondence by **April 17, 2015**. The permit will be held pending clarification and ACEH review and approval.

Thank you for your cooperation. ACEH looks forward to working with you and your consultants to advance the case toward closure. Should you have any questions regarding this correspondence or your case, please call me at (510) 567-6764 or send an electronic mail message at keith.nowell@acgov.org

Regards,
Keith Nowell
