Alameda County  
Environmental Health

Dear Ms. Jakub:

Conestoga-Rovers & Associates (CRA), on behalf of Union Oil Company of California (Union Oil), would like to request an extension of the deadline to complete well destruction activities and submit a well decommissioning report for the 76-Branded Service Station No. 0018, located at 6201 Claremont Avenue in Oakland, California. In a letter dated November 22, 2012, Alameda County Environmental Health (ACEH) requested a completion date of January 21, 2012 for these activities.

We request this deadline be extended to March 31, 2012 for well destruction activities and reporting. This extension will allow the safe destruction of on-site wells and submittal of a report which will include waste transportation and disposal documentation.

If you have any questions or require any additional information, please contact the CRA project manager, Jim Schneider, at (949) 648-5200.
