**To:** 'Mitch Hajiaghai'  
**Subject:** RO257 Extension Request

Mitch,

Please use this email as documentation and ACEH acceptance of the request for a deadline extension for the pilot test results report. Per the voice mail left this morning, I understand Sierra encountered difficulties in obtaining some of the permits, but will be starting the test this coming Monday February 6<sup>th</sup>. I have extended the deadline to March 23, slightly less than 2 months out.
