**Subject: Well Abandonment at Former Unocal Service Station No. 2512,  
1300 Davis Street, San Leandro, California**

Mr. Nickerson:

At the request of Union Oil Company of California (Unocal), Gettler-Ryan Inc. (GR) abandoned four groundwater monitoring wells at the subject site. On March 18, 2002, GR observed Cascade Drilling, Inc. (C-57 717510) abandon wells MW-3 and MW-7 through MW-9. Locations of the former wells are shown on the attached Site Plan (Figure 1). Well abandonment activities are summarized in Table 1. Copies of well abandonment permit W02-0308 through W02-0311 issued by Alameda County Public Works Agency (ACPWA) and encroachment permits issued by City of San Leandro and Caltrans are attached. Copies of the State of California well completion reports are attached.

Four 2-inch diameter wells (MW-3 and MW-7 through MW-9) were backfilled to the top of casing with neat cement. A pressure of approximately twenty-five pounds per square inch was applied to the top of each casing for five minutes. Following pressure grouting, the top five feet of well casing was drilled out and all borings were backfilled with cuttings and native material to approximately 0.5 feet below ground surface. Well MW-3 was then filled to ground surface with native material, and on April 12, 2002, GR construction personnel replaced the sidewalk flags containing wells MW-7 through MW-9 to original conditions. The wells have been properly abandoned as required by California Department of Water Resources Water Well Standards (Bulletins 74-81 and 74-90) and ACPWA guidelines.

If you have any questions, please call us in our Sacramento office at (916) 631-1300.

## ATTACHMENTS

**Table 1**  
**Summary of Well Abandonment**  
Former Unocal Service Station No. 2512  
1300 Davis Street  
San Leandro, California

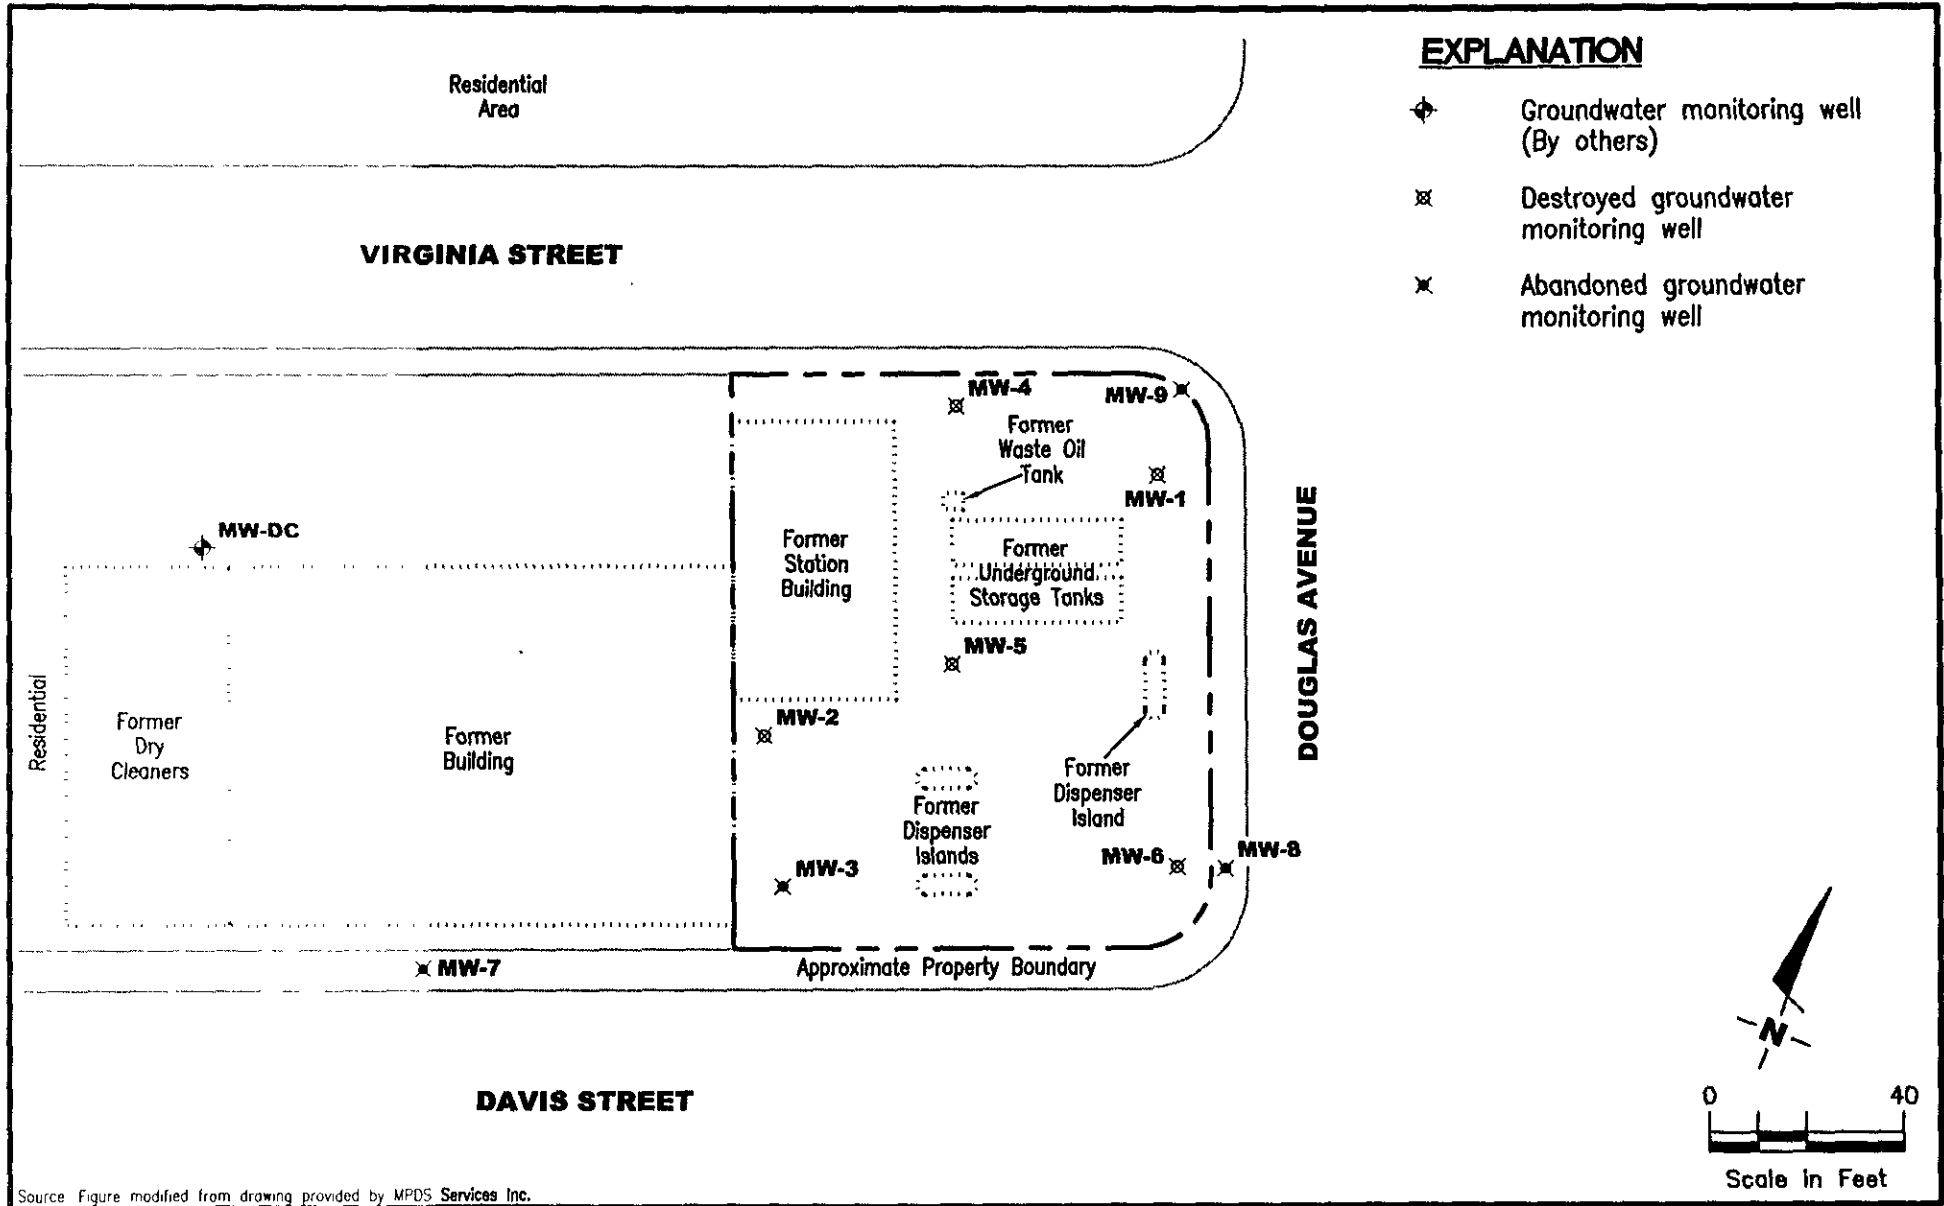

Well ID	Date Abandoned	Well Diameter (inches)	Measured Depth (ft bgs)	Installed Depth (ft bgs)	Depth-to- Water (ft btoc)
MW-3	3/18/2002	2	33.00	33.00	13.75
MW-7	3/18/2002	2	29.81	30.00	12.67
MW-8	3/18/2002	2	29.80	30.00	14.70
MW-9	3/18/2002	2	30.00	30.00	14.65

**Explanations:**

ft bgs = feet below ground surface

ft btoc = feet below top of casing

Wells were abandoned in accordance with DWR water well standards  
(Bulletins 74-81 and 74 - 90) and Alameda County Public Works Agency guidelines.

**EXPLANATION**

- ◆ Groundwater monitoring well (By others)
- ⊗ Destroyed groundwater monitoring well
- ✕ Abandoned groundwater monitoring well

Surface Seal Depth	_____ ft.	Owner's Well Number	<u>MW-3</u>

### GEOTECHNICAL PROJECTS

Number of Borings	_____	Maximum	
Hole Diameter	_____ in.	Depth	_____ ft.

ESTIMATED STARTING DATE 3/18/02  
ESTIMATED COMPLETION DATE 3/18/02

### PERMIT CONDITIONS

Circled Permit Requirements Apply

#### A. GENERAL

1. A permit application should be submitted so as to arrive at the ACPWA office five days prior to proposed starting date.
2. Submit to ACPWA within 60 days after completion of permitted original Department of Water Resources-Well Completion Report.
3. Permit is void if project not begun within 90 days of approval date.

#### B. WATER SUPPLY WELLS

1. Minimum surface seal thickness is two inches of cement grout placed by tremie.
2. Minimum seal depth is 50 feet for municipal and industrial wells or 20 feet for domestic and irrigation wells unless a lesser depth is specially approved.

#### C. GROUNDWATER MONITORING WELLS INCLUDING PIEZOMETERS

1. Minimum surface seal thickness is two inches of cement grout placed by tremie.
2. Minimum seal depth for monitoring wells is the maximum depth practicable or 20 feet.

#### D. GEOTECHNICAL

Backfill bore hole by tremie with cement grout or cement grout/sand mixture. Upper two-three feet replaced in kind or with compacted cuttings.

#### E. CATHODIC

Fill hole anode zone with concrete placed by tremie.

1. WELL DESTRUCTION - *Pressure Seal - Attach B*  
Send a map of work site. A separate permit is required for wells deeper than 45 feet.

#### G. SPECIAL CONDITIONS

NOTE: One application must be submitted for each well or well destruction. Multiple borings on one application are acceptable for geotechnical and contamination investigations.

APPROVED \_\_\_\_\_ DATE 3/14/02

I hereby agree to comply with all requirements of this permit and Alameda County Ordinance No. 73-68.

] , PERMITTEE

In compliance with your request of January 7, 2002, we are hereby amending the above numbered encroachment permit as follows:

Reference your original project to: "install, maintain and monitor one 2-inch diameter groundwater monitoring well on the north sidewalk area of State Highway 04-Ala-112 (Davis Street), Post Mile 0.94, approximately 170 feet west of Douglas Avenue in San Leandro."

Replace the second paragraph on Page 1 of your permit:

"Two days before work is started under this permit, notice shall be given to, and approval of construction details, operations, public safety, and traffic control shall be obtained from Permit Coordinator N. Freitag, P. O. Box 337, San Lorenzo, 510-352-0636."

with the following two paragraphs:

"A minimum of one week prior to the start of work under this permit, notice shall be given and advance approval of construction details, operations, public safety, and traffic control shall be obtained from State Representative N. Freitag, 600 Lewelling Blvd., San Leandro, CA 94579, (510) 614-5951, weekdays, between 7:30 AM and 4:00 PM.

All permitted work requiring traffic control requires the permittee to apply for and obtain a lane closure number prior to the start of any work that may affect traffic. See the attached "Encroachment Permit Project Traffic Control Procedures" and the attached "Permit Project Traffic Control Request Form". Additional time beyond the minimum seven day advanced notice required in the above paragraph may be required for obtaining the traffic control approval."

Except as amended, all other terms and provisions of the original permit shall remain in effect.

APPROVED:

\_\_\_\_\_  
RANDELL H. IWASAKI, Acting District Director

BY:

  
S. S. NOZZARI, District Permit Engineer

Name: Unical Corporation c/o Kaprealian Engineering, Inc  
Permit No: 0402-6RT-0060  
March 12, 2002

Delete the first paragraph on Page 2 of 2 of the original permit:

"For any planned lane closures, the permittee shall comply with all the requirements shown on the attached Encroachment Permit Lane Closure Requirements Chart."

Replace the second paragraph on Page 2 of 2 of the original permit:

"Traffic control is authorized only between 9:00 A.M. and 3:00 P.M., Monday through Friday, holidays excluded. Any traffic control which requires lane closure shall be in compliance with the appropriate traffic control plan. Where required by the plan, the use of a flashing arrow sign is MANDATORY."

with the following paragraph:

"Traffic control is authorized only between 9:00 A.M. and 3:00 P.M., Monday through Friday, holidays excluded."

Delete the first paragraph on Page 2 of 2 of the original permit:

"All personnel shall wear hard hats and lime green reflective vests, shirts, or jackets as appropriate during construction."

Date of completion is extended to December 31, 2002.
