To Chung Wong,

Your comments have been forwarded to the responsible parties for a response. Alameda County Environmental Health will review the responses for accuracy prior to forwarding them to you.

With regard to viewing reports for the case, all documents are electronic and all are online. All historic and recent documents can be viewed online at the Alameda County Environmental Health website (<http://www.acgov.org/aceh/lop/ust.htm>). All reports prepared since 2004 can also be viewed on the State Water Resources Control Board GeoTracker website (<http://geotracker.waterboards.ca.gov>). You may find the GeoTracker website easier to use.

Regards,
Jerry Wickham
Alameda County Environmental Health

Re: Fuel Leak ACEH Case #RO0000309

ARCO #0601, 712 Lewelling Blvd, San Leandro, CA 94579

Mr. Jerry Wickham,

My name is Chung Wong, the property owner of 15301 Washington Avenue, San Leandro, CA, which is immediate adjacent to the subject property ARCO gas station. My concerns are the followings:

- 1). Were there any petroleum hydrocarbons leaked over to my property and contaminated the underground water and the water supply system with potential health risk to the people and pet on my property.
- 2). After the cleanup, there is still toxic residual remaining at the site that may over time leak over underneath to my property. Would this toxic residual sufficient to pose a future health risk to the people and pet on my property?

3). To understand the extent of the leak, is it possible for me to obtain a copy of the clean up and evaluation reports for a more detailed review?

Thank you very much for your help

Sincerely

Chung Wong
