Kiersten,
Thanks for the summary. The February 2017 groundwater sampling (with bioparameters) is sufficient to act as a First Quarter 2017 groundwater sampling event.

Hi Mark,

As we discussed, the First Quarter 2017 groundwater monitoring and sampling data (including bioparameters) was reported in GHD's March 31, 2017 Feasibility Study/Corrective Action Plan and Work Plan. The Second Quarter 2017 Groundwater Monitoring and Sampling Report will be submitted by September 1, 2017 as requested in ACDEH's May 25, 2017 letter.

Thank you,
Kiersten
