Subject: RO0000383 - Former Chevron 90260, 21995 Foothill Blvd, Hayward Extension Request

Hi Mark,

GHD on behalf of Chevron Environmental Management Company (CEMC), would like to request an extension for the *Offsite Investigation Report* requested by Alameda County Department of Environmental Health (ACDEH) letter dated May 25, 2017. The reason for the extension is that during the underground service alert mark-out and geophysical, several utilities were found to be located beneath the parking lane on the south side of Rio Vista, and overhead utilities are located over the parking lane on the north side of Rio Vista; therefore a well cannot be safely drilled in either of the parking lanes. To allow time to identify a safe location for the well and subsequently schedule, permit, and install the well, and receive analytical data from the laboratory, an extension of October 6, 2017 for the submittal of the *Offsite Investigation Report* is requested.

Thank you,
Kiersten

Kiersten Hoey
