Subject: Fuel Leak Case No. RO0000394 and Geotracker Global ID T0600100116, Arrow Rentals, 187 North L Street, Livermore, CA 94550 – Groundwater Monitoring Requirements

Dear Ms. Sullins and Ms. Sedlacek:

The purpose of this correspondence is to inform you of changes to groundwater monitoring requirements for all fuel leak cases in California. The California State Water Resources Control Board (State Water Board) has approved Resolution No. 2009-0042 (*Actions to Improve Administration of the UST Cleanup Fund and UST Cleanup Program*). Resolution No. 2009-0042 states that, "*Regional Water Board and LOP agencies shall reduce quarterly groundwater monitoring requirements to semiannual or less frequent monitoring at all site unless site-specific needs warrant otherwise and shall notify all responsible parties of the new requirements no later than August 1, 2009. If more than semiannual monitoring is required for a case, the responsible party and State Water Board shall be notified of the rationale and the notice shall be posted on Geotracker.*"

Upon review of your site, groundwater monitoring has been suspended pending installation and startup of a planned remedial system. Since groundwater monitoring is not occurring at your site, no additional actions are necessary in order to comply with State Water Board Resolution No. 2009-0042.

If you have any questions, please call me at 510-567-6791 or send me an electronic mail message at jerry.wickham@acgov.org.

Sincerely,

A handwritten signature in black ink, appearing to read "Jerry Wickham".

Jerry Wickham, California PG 3766, CEG 1177, and CHG 297
Senior Hazardous Materials Specialist
