Hi Jim,

Provided that pressure grouting is acceptable to the permitting agency, which is Alameda County Public Works, pressure grouting well MW-5 is also acceptable to Alameda County Environmental Health.

Regards,  
Jerry Wickham

Hi Jerry!

Just want to thank you for approving the work plan for this site.

Now I would like to make a request. Since you approved pressure grouting for MW-6 and MW-8 for abandonment, I would like to request that pressure grouting be used for abandonment of MW-5 which is also in MacArthur Blvd. A new replacement will be installed near the original well when the other onsite replacement wells are installed.

Thank you, Jerry.

Jim
