Site 5430 is located at 1935 Washington Avenue in San Leandro.

The scheduling was thrown off when Gregg stated that they would not work in Oakland this week. This cancelling of work really changed everything for Delta's work. Soooo...the abandonment schedule is now set for the week of August 30 (it was to be scheduled for the first week of August) .

Hi Barbara!

Hope you had a wonderful 4<sup>th</sup> of July holiday!

Regarding the above subject, Delta is requesting a 60 day extension to the Abandonment Report due date of August 23, 2010.

The request for extension is based on the current climate in Oakland regarding the Bart police shooting verdict. Gregg Drilling had cancelled this whole week (July 5 – 9) due to this situation. This cancelling of work has pushed all work schedules into August and September, and possibly October.

Please consider this request.

Have a good weekend, Barbara.

Jim
