Subject: Fuel Leak Case No. RO0000450

Terry,

I have spoken to Bill Borgh in the past regarding our property at 1629 Webster Street in Alameda. I understand he is no longer handling this case. I spoke to Barbara Jakub at Alameda Co. Environmental Health today and she referred me to you.

Could you please advise us if and when the work, which was requested by Ms. Jakub in May, has been completed and when will you be sending your report to Ms. Jakub. We just received the request from Delta Consultants in November, requesting that we sign the Fee Title Notification. We were on vacation so were not able to mail it out. I have sent it to Ms. Jakub today. We are ready to proceed with our development plans and need a closure letter. The bank is requesting this. I thank you in advance, for any assistance you can give us, in expediting these final stages.

Regards,

Michelle and Sam Koka
