Subject:

60-Day Rule: Notice of Intent to Proceed with Sparge Well Installation and Oxygen Sparging Pilot Study Work Plan

Former 76 Service Station No. 0843
1629 Webster Street
Alameda, California

ENVIRONMENT

Dear Mr. Nowell:

ARCADIS, on behalf of Chevron Environmental Management Company, for itself and Attorney-in-Fact for Union Oil Company of California (hereinafter "EMC"), is submitting this letter to notify the Alameda County Department of Environmental Health (ACDEH) of the intent to proceed with the work proposed within ARCADIS' *Direct Oxygen Injection Pilot Test* dated April 10, 2012. The proposed work includes the installation of two sparge wells (TSP-2 and TSP-3) and an oxygen injection pilot study. The Work Plan was submitted to propose activities in an effort to implement oxygen injection activities. Given the time elapsed since submitting the Work Plan to ACDEH, this letter is notifying you in writing of ARCADIS' intent to proceed with the Work Plan under the authority of the "60-Day Rule" as specified in Title 23 of the California Code of Regulations. ACDEH will be notified at least five business days prior to the start of field activities.
