Subject: Site Status Update for ARCO Station 6041, 7249 Village Parkway, Dublin, California.

Dear Ms. Chu:

This letter provides an update on investigation and remedial activities conducted for the above-referenced site. This update covers site activities performed during June, July and August 1993, and site activities anticipated for the month of September 1993.

June, July and August 1993 Activities

- Performed monthly groundwater monitoring.
- Performed Third Quarter 1993 groundwater sampling.
- Conducted an Additional Onsite Subsurface Investigation to identify potential onsite sources which may impact groundwater beneath the site. The investigation consisted of coring six borings along the fill end of the existing tank pit and along product dispenser islands. The results will be used in the placement of air sparge wells at the subject site.

Site Status Update
ARCO Station 6041, Dublin, California

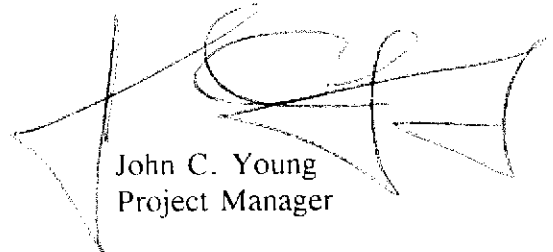

September 2, 1993
61026.02

Work Anticipated for September 1993

- Continue monthly groundwater monitoring.
- Submit Second Quarter 1993 quarterly groundwater monitoring report.
- Submit Report of Findings for Additional Onsite Subsurface Investigation and a Workplan to Evaluate Interim Remediation Alternatives.

If you have any questions or comments regarding this letter, please call us at (408) 264-7723.

Sincerely,
RESNA Industries Inc.
