Receive VM from Stanley Lacombr @ 943am; Got NOV, what needs to be done?, needs some back ground info

February 16, 2011

Return call to Mr. Lacombr and explain letter was focused on claiming a site. Explain UST appears to have caused contamination and that this letter was solely focused on managing state request that all sites be claimed by those associated (responsible) for a site. ACEH would request work whatever work appears appropriate, and it does need attention, but that this request is solely focused on Geotracker compliance and simply preserves their right to be reimbursed, and gets site claimed; a requirement for at least 7 or so years now. He will go to the website, get form, and may call 800 number for help. Thanks me for help.

February 17, 2011

VM from Mr. Lacombr @ 242 pm; please call

RC @ 325pm; Leave message.

Mr. Lacombr returns call, leave VM; has claimed site.
