RE: (FORMER) UNOCAL STATION #4845, 846 MARINA BLVD., SAN
LEANDRO - UNDERGROUND STORAGE TANK LEAK AND ASSESSMENT FILE

Dear Mr. Bock:

This office is currently reviewing the underground storage tank (UST) leak and assessment file for the referenced site. The information presently available in this file is incomplete. Absent are any reports documenting environmental work occurring at the site prior to and since submittal of the May 29, 1991 Kaprealian Engineering, Inc. (KEI) report. This report documents the results of soil sampling subsequent to the April 1991 UST closures and the destruction of monitoring wells MW-1 and -2. We have no knowledge whether further assessment and/or cleanup work was ever initiated or warranted.

Please submit all documents relating to environmental assessment or cleanup activities occurring at the site prior to and since May 1991. This collection of documents should also include the report documenting the results of the previous April 1987 UST closures. These documents are due within the next 30 days. Please be advised that this letter constitutes an official request for technical reports pursuant to California Water Code Section 13267(b).

You may contact me at 510/271-4530 should you have any questions. Thank you in advance for your timely attention to this matter.

Sincerely,

Scott O. Seery, CHMM
Senior Hazardous Materials Specialist

DEAR MANAGERS:

Dames & Moore, an Environmental Consulting Co., located at 221 Main St., San Francisco, CA has requested information concerning all the environmental information we have on your site. In accordance to Section 25511(c), California Health & Safety Code, Division 20, we are notifying you of this request.

For your information, part of this section states, "The administrative agency shall release the information to the public, but not earlier than 30 days after the date of mailing the notice of the request for information, unless prior to the expiration of the 30 day period, the handler files an action in an appropriate court for a declaratory judgement that the information is subject to protection under subdivision (b) or for an injunction prohibiting disclosure of the information to the public and promptly notifies the administering agency of that action".

If our office does not receive any of these documents within 30 days, we will assume all the information we have on your company is not confidential.

If you have any questions, please contact Larry Seto, Senior Hazardous Materials Specialist, at 271-4320.

Sincerely,

Rafat A. Shahid, Chief,
Hazardous Materials Program
