Kimberly,  
I've placed a holder in our calendar for Tuesday Feb 2 at 10 – 12. I'll reserve a room (at this address).

Due to the time constraint the meeting date would impose on the field investigation, I have extend the delivery date to April 1, 2016, and have updated Geotracker to reflect this. Hopefully driller availability won't delay it further; I'd suggest reserving a date now so it can proceed in a timely manner once we have the meeting.

Hi Mark,  
We would like to take your recommendation and have the supervisor also attend. We would like to schedule it for her first day available on Tuesday Feb. 2nd at 10:00 am or a time that works best for you.  
I would also like to request to extend the due date for the site investigation report from Mid February to Mid March if that is possible?  
Please confirm date and time for meeting.  
Thank you for your guidance with this site, it is much appreciated.

Thank you,  
Kimberly

Hi Kimberly,

I did receive your voice mail, and I'm sorry it took so long to get back to you. The end of December was insane due to redevelopment projects in Oakland and Emeryville (and the holidays) and we were not able to consider

a meeting at that time. My sense is that the site is on a good track currently. It would be good to have our supervisor in any meeting as she is good at seeing ways to move a site quicker, but her ability to attend a meeting is severely limited right now. Her first availability is the first week of February, Tuesday through Friday, 10 – 5. You can assume a 2 hour meeting is needed. Be advised, those days and times go very quickly. Otherwise, I can meet with everyone next week, Wednesday through Friday, 10 – 5, again assume a 2 hour meeting is needed.

At this point, let me know how you would like to proceed.

Thanks,

*Mark Detterman*

Mark,

I wanted to follow up with you and see when works for you to meet with us. As you know the last consultant team we hired we paid 36k to and they seemed to accomplish little.

We would like the chance to meet with you personally so we can feel comfortable we are on the right path.

Thank you,

Kimberly

Hi Mark,

We received the Conditional Work Plan Approval, Thank you.

We wanted to set up a time to meet with you along with Bill from Trans Tech Consultants to discuss our case.

Please let me know your availability.

Happy Holidays!

Thank you,

Kimberly Douglas
