Mr. Kumar,

That would be fine. The state (and ACEH) would rather see progress than get in to a “shoving match” to get this issue resolved by a specific time. I’ll put a note on my calendar to followup in later March.

The contractor who submitted the tank removal report was:

Tim Cook
W.A. Craig
6940 Tremont Rd
Dixon, CA 95620
707/693-2929

You can get a copy of the report, and in fact all reports, at the link below, following my name. Follow that link to the LOP case files. You’ll need to turn off your pop up blocker, than use the blue column on the right side of the page (NOT the map; it’s very slow). Choose from the drop down menus, and use the RO number to find the case file. Let me know if you have questions.

Best,

Mark Detterman

Hi Mark, Good Afternoon.

I spoke to you on the 02/07/11 about the above matters. Could you please allow us till 03/20/11 to get these issues in order. The person handling this is away overseas till 03/15/11. I am also requesting if you have any information or contact number for the contractor who remove the tank in May 2003? I can be reached at 510-219-5545 if you have any questions. Thank you.

TJ Kumar
