Tim,  
You are correct that the public comment period has ended. I let it drag a little as I forgot to notify the City of Hayward of the closure. It's been 3 weeks since with no further comments. I will get the closure summary started ASAP. No comments were received, other than from the City of Hayward as just mentioned. I'll keep you posted, but will aim to complete the process by the end of the month. Hope this will work.

Thank you for getting back with me Dilan.  
I'll check in with Mark next week then, that will be fine.  
Take care -  
Tim.

Hi Tim:

I am sorry to say that I do not know the status of the closure. Mark will be back next week and I will check in with him and we will provide a status update.

Dilan,

I see that Mark is out of the office this week.

Do you happen to know the status of the Closure process for the RO2795 site? That is the 23836 Saklan Road shallow soil pesticide cleanup site in Hayward.

The 60-day public comment period for closure was scheduled to end September 24 I believe.

My client was hopeful to receive a closure letter by mid-month, provided no comments, or no significant comments, were received.

Any update you can provide would be appreciated.

Thank you Dilan,

Tim.
