Subject:

Revised Letter of Transmittal

<u>~</u>

Results of EKI's Split of a Soil Sample Collected by Secor Near the Sherwin-Williams Property in Emeryville, California

(EKI 970001.85)

1127

Attached is a revised Letter of Transmittal for the analytical results from EKI's split of soil sample Layer-1, which was collected by SECOR on 7 May 1997. This soil sample was collected adjacent to the Sherwin-Williams Property in Emeryville, California. As indicated in the revised Letter of Transmittal, sample Layer-1 was collected in the planter on the west side of Horton Street approximately 100 feet south of the northeast corner of the Sherwin-Williams Property, rather than near the southeast corner of the Former Rifkin Property as indicated in EKI's original Letter of Transmittal. Please disregard EKI's original Letter of Transmittal, dated 15 May 1997.

Please call if you have any questions.

SUBJECT: Soil Sampling

Analytical Results

Horton Street

WE ARE SENDING YOU THE FOLLOWING:

1 Copy - Analytical results from EKI's split of soil sample Layer-1, which was collected by SECOR on 7 May 1997, adjacent to the Sherwin-Williams Property in Emeryville, California. This sample was collected in the planter on the west side of Horton Street approximately 100 feet south of the northeast corner of the Sherwin-Williams Property. A split of soil sample Layer-1 was given to EKI by SECOR for analysis.

REMARKS:

Mark: Please call if you have any questions. Thanks.
