Mr. Wickham,

As you may have heard, the driller that we had originally scheduled the job with (WDC) is no longer in business. Our other drillers do not have availability until the first week of September. Stantec is committed to satisfying ACEH requirements and will work to complete this project in a timely manner. We plan on installing the wells September 4-7, 2012, and will submit the report by September 28, 2012. Please let me know if this is acceptable.

Thank you,

Amanda Magee, PG

Ms. Magee,

The locations of the two monitoring wells as proposed in the Additional Site Assessment Report dated July 20, 2012 are acceptable. The wells may be installed as proposed.

Mr. Wickham,

I hope you have had a chance to look at the Site Assessment Report submitted for 7-Eleven #32266. We are awaiting your response and approval to move forward with the second phase of investigation (installation of two monitoring wells). Please let me know if you have any questions or comments.

Thank you,

Amanda Magee, PG
