Left VM for Dave Siegel of ERAS Environmental at approx 10:10. Wanted to touch basis on this new case and to let him know that I'll be on vacation for two weeks, and that Dilan Roe, our supervisor, would afterwards be on vacation until August 25th. It appears that a work plan is required, and that I thought they could start on one, but that a kick off meeting should be held the week of August 25th to discuss site and WP before submittal of that WP for potential tweaking (or not) prior to submittal.
