Subject: Conference call - ACDEH Correspondence RO3192. 411 W MacArthur Blvd

Happy New Year Maurice,

Our conference call scheduled for today at 3:00PM did not appear to go through. We wish to resolve outstanding impediments to moving the subject project forward.

Please provide several dates and times for scheduling a conference call. Upon review of our schedule, Alameda County Department of Environmental Health (ACDEH) will select a date and time and send out invite.

Additionally, as we were unable to leave a voice mail message today, we will send out an email reminder the day prior to confirm the call.

Thank you,
Keith Nowell
