Subject: Extension Request for Submittal of Site Investigation Report_Mercedes-Benz of Oakland, 340 29th Street, Oakland

Anne,

On behalf of Mercedes-Benz of Oakland (Fuel Leak Case No. RO0003220), Wheeler Group Environmental LLC requests an extension until July 31, 2017 for implementation and reporting of the Site Investigation Activities conditionally approved by the Alameda County Department of Environmental Health in its Letter April 17, 2017. Pending permit acquisition from the Alameda County Public Works Agency, we are tentatively scheduled to conduct the approved drilling and sampling activities at the Site on Monday/Tuesday, June 26 & 27, 2017.

The extended time will allow for receipt and evaluation of the Site Investigation field data and preparation of a technical report of investigation findings (original due date of 6/19/17). Please provide response at your earliest convenience.

Thank you,

Brent A. Wheeler
