Subject: 3820 Penniman Avenue

Dear Kuen Lau and Sar P. Kwan:

I received a letter dated April 26, 2017 from Alameda County Health Cre Services Agency regarding the Penniman property; you were also an addressee on the letter.

I am assuming that you are the property owners. As you may have noted in the letter, Alameda County is requesting an Investigation Report on the property.

I went to the property yesterday, but any access was locked and no one seemed to be on the premises. As the report to the County has to be filed by May 26, I will need access to the property in order to produce the report.

Will you give me some days and times that will be acceptable to you for me to see the property? If you are not the current owners, please provide me with contact information for the owner(s).

Best Regards,

Sharon Birch
