Subject: Fuel leak case RO3232- 110 Jackson St., Oakland, GeoTracker Global ID T10000009472

Dear Mr. Cleveland,

One of my case activities before issuing a letter for the subject fuel leak case is Responsible Party (RP) identification. The Underground Storage Tank Closure Investigation Report, prepared by Langan Treadwell Rollo (Langan) and dated September 13, 2016, is addressed to you at the East Bay Asian Local Development Corporation (EBALDC). The Alameda County Assessor's records identify the Housing Authority of the City of Oakland (HACO) as the property owner.

Are you a representative of HACO? If not, please provide me with the information for the individual at HACO regarding this project. Additionally, please clarify the relationship between HACO and EBALDC to aid me with RP identification.

Your cooperation is appreciated,
Keith Nowell
