Subject: RO03232 - Request for Extension on Soil and Groundwater Investigation 1110 Jackson Street, Oakland

Hi Keith,

We respectfully request an extension on our Soil and Groundwater Investigation Report submission date for RO03232 until March 9th, 2018. We were a little delayed in performing the drilling (due to driller availability) and only completed the field work on January 17th. While we have the report mostly prepared, we want to allow sufficient time for the responsible party to review and comment before we submit the final to the ACDEH.

Please let me know if this is acceptable.

Best Regards,

Joshua Graber, CHMM
