Dear Ms. Molinar,

The email means that you need to upload the letter you sent to our ftp site as required for all correspondence and as described in detail in the attachment to ACEH's directive letter.

Your consultant should understand the requests that are being made and be able to guide you into compliance. ACEH does not feel a meeting is needed but if you have any specific questions please do not hesitate to call me.

Also, we cannot change the name of the case at this time. I was not here when it was given and therefore cannot speak to why it was called this, but changing site names can lead to additional confusion in the future. The best course at this time would be to comply with ACEH's request for information and work towards cleanup and closure of this case in a timely manner.

Barbara

I do not understand this email and am hoping that you can clarify what this means. I was responding to your letter and did not upload something to the ftp site. If possible I would like to discuss this site and the letter you sent at your earliest convenience.

Thank you.

Dear Barbara:

Please see the attached letter regarding documents which have been uploaded to Geotracker in response to your letter dated February 3, 2012. Also I would like to again ask that you change the Geotracker name to 2801 MacArthur Blvd. since it has never been referred to as Dan's Auto Body. I think this will avoid future confusion.

Sincerely,

Aniko Molnar
