**Date:** Friday, September 28, 2012 1:02:15 PM

---

Hi Bob: ACEH requests revision and submittal of the 9/7/2012 Baseline Environmental Project Schedule in PDF format by October 5, 2012 based on comments provided in the August 24, 2012, August 10, 2012, July 31, 2012, July 20, 2012 Directive Letters and my 9/19/2012 e-mail comments below. Attachments 2 and 3 of ACEH's August 24, 2012 letter provide examples of the level of detail we are looking for in the Baseline Environmental Project Schedule. Comments to the 9/7/2012 Revised Data Gap Investigation and Interim Source Removal Work Plan Addendum will be provided under separate cover.

Thank you,

**Subject:** RE: RO8 - Conference call availability this afternoon?

Hi Bob: OK, sounds good.

The agenda for the call is in regard to the preliminary review of the 9/7/12 version of the revised Baseline Environmental Project Schedule; we noted two critical missing items:

- A. Before task item numbers 42 (Kick Off Meeting for Former UST & Lifts excavation) and 13 (Approval from ACEH for Vapor Intrusion Mitigation):
  1. ACEH review and comment – 60 day duration
  2. Address ACEH comments
  3. ACEH approval

Other comments will be addressed in a forthcoming directive letter.

Good morning Karel, John is in a meeting this morning. I will talk to him when the meeting is over and find a time to have the call with you. Yes, we can use our conference number.

Can you please give us an idea of the reason/agenda for the call?
