Mr. Wickham -

The First Quarter 2007 Monitoring Reports for the six below referenced sites are due to ACHCSA by May 15, 2007 (E-15's). The intent of this email is to request an extension from ACHCSA for the submittal of these reports.

The six sites in question are:

- 2800 Telegraph, Oakland – ACHCSA Case No. RO0000009.
- 29 Wildwood Ave., Piedmont – ACHCSA Case No. RO0000495.
- 500 40th St., Oakland – ACHCSA Case No. RO0000264.
- 510 E. 14th St (506-510 International Blvd.), Oakland – ACHCSA Case No. RO0002853.
- 6039 College Ave., Oakland - ACHCSA No. RO0000469.
- 8039 Bancroft Ave., Oakland – ACHCSA No. RO0000404.

As you may be aware, Cambria was recently acquired by Conestoga-Rovers & Associates (CRA) out of the Ontario/Waterloo, Canada area. Although the transition from Cambria to CRA has been ongoing for a number of weeks we are still experiencing issues with access to, retrieval, and processing of electronic data stemming from the transition of our main computer system from the former Cambria in Emeryville to the new headquarters for CRA in Canada. This has been especially burdensome on the outlying small satellite offices like Eureka (with only Ana & myself), as we rely heavily on the electronic data transfer, and continues to create interruption and impact on timely completion of our reports. We are told by our Information Technology personnel that these issues would be resolve soon.

Because of this, we are respectfully requesting extensions for the submittal of the 1Q07 QMR for the above noted six sites to no later than **May 30, 2007**.

5/9/2007

I apologize for this, as we like to be more timely on our submittals.

Let me know if this is agreeable with you, **and/or if you need this request made in a formal letter.**

Please call with any questions or concerns.

Sincerely,

Dennis Baertschi
