Conestoga-Rovers & Associates (CRA) prepared this letter on behalf of Equilon Enterprises LLC dba Shell Oil Products US (Shell) in accordance with the quarterly reporting requirements of 23 CCR 2652d.

No activities were scheduled this quarter.

CRA prepared and submitted an October 29, 2008 *Risk Evaluation and Case Closure Request* for the site. In a letter dated March 5, 2009, Alameda County Health Care Services Agency concurred with CRA that the site would require no further action, and that a completion certificate would be issued pending the decommissioning of the monitoring wells. CRA is currently implementing the activities associated with decommissioning of the monitoring wells.
