Dear Resident or Property Owner:

The Alameda County Environmental Health Department (ACEH) is conducting a survey to identify all the water wells (domestic, irrigation, monitoring, others) in your area to assess whether any water wells may be affected by a fuel leak case in the area of your property. We would appreciate your assistance by taking a moment to provide the following information. We request that you fill out the questionnaire below and return it to our office by mail, email, or fax. Alternately, you may provide the information by calling Jerry Wickham at the phone number shown.
