Hollis,

I have completed my review of the subject case file including the document entitled, *Work Plan – Additional Site Characterization* (WP), dated June 14, 2014, prepared by ARCADIS U.S., Inc. (ARCADIS) for the subject site. ACEH generally concurs with the scope of the investigation; however, ACEH would like to schedule a meeting to address the work plan scope and data gaps identified in the document entitled *ACEH Low Threat Closure Policy Checklist and Site Conceptual Model*, dated June 6, 2013 by ACRADIS prepared in view of the State Water Resources Control Board's (SWRCBs) Low Threat Underground Storage Tank Case Closure Policy (LTCP).

The Local Oversight Program (LOP) Program Manager, Dilan Roe, is on vacation through August 24, 2014. Please provide the list of available dates and times by August 25, 2014, by email, addressed to [keith.nowell@acgov.org](mailto:keith.nowell@acgov.org) and cc'ing Dilan Roe at [dilan.roe@acgov.org](mailto:dilan.roe@acgov.org). Meeting selection dates should be after the September 1, 2014 holiday.

Thank you for your cooperation. Should you have any questions regarding this correspondence or your case, please call me at (510) 567-6764 or send an electronic mail message at [keith.nowell@acgov.org](mailto:keith.nowell@acgov.org).

Sincerely,  
Keith Nowell

Hollis,

The site is in an interesting area with multiple sites in the vicinity of RO14. I'll need some time to review the area data and then we can schedule the meeting.

Thank you for your patience.

Regards,  
Keith Nowell

Keith:

I see in GeoTracker the Work Plan for the above referenced site is not showing up on the public page. It was uploaded on 06/25/14 and can only be viewed under the 'pending submittals'. I also see on 06/26/14 you posted a Path to Closure Plan that references a meeting. You also requested a meeting in your 6/20/14 directive. Can you let me know if you want to meet before or after you review the Work Plan.

Thanks  
Hollis
