Dear Responsible Parties,

Two recent submittals to the State Water Resources Control Board's (SWRCBs) GeoTracker website have been denied. The denials are for the following submittals:

GEO\_REPORT submittal having a confirmation number 2599539637 was denied as the report does not contain all the field data sheets for the associated well monitoring event. Please resubmit the report to include the missing documentation. The report will need to be resubmitted with a revision date and contain language in the opening paragraph identifying the reason for the revision. Please submit the revised document to the GeoTracker website by May 9, 2018.

GEO\_WELL submittal having a confirmation number of 6729364216 was denied as the submittal is missing data for well MW-9. Please include MW-9 data in updated GEO\_WELL submittal. Please submit the revised report to the GeoTracker website by May 9, 2018.

Thank you for your cooperation. ACDEH looks forward to working with you and your consultants to advance the case toward closure. Should you have any questions regarding this correspondence or your case, please call me at (510) 567-6764 or send an electronic mail message at [keith.nowell@acgov.org](mailto:keith.nowell@acgov.org).

Respectfully,  
Keith Nowell
