Subject: RE: General Report Submittal Question

Hello Christine,

We request that the reports are submitted within 30-days of sampling collection. Therefore, if groundwater sampling occurred today, the report should be submitted within the next thirty days.

Also, FYI, the State Water Resources Control Board passed a Resolution yesterday, which essentially defers quarter monitoring at LUFT sites to semi-annual monitoring. Therefore, at this time, its recommended that you suspend quarterly groundwater sampling and initiate groundwater sampling on a semi-annually basis on the 1st and 3rd quarters of the year, unless you can provide justification for an alternate monitoring schedule.

Please contact me if you have any questions or concerns regarding this e-mail.

Sincerely,

Paresh C. Khatri

Subject: General Report Submittal Question

Hi Paresh:

I had a question for you regarding the due dates for Quarterly Monitoring reports. Is it 30 days after the end of the quarter? I spent far too long trying to find the answer on the internet with no luck and thought you might be able to tell me directly.

Thanks,

Christine C. Truesdale
