Hello Tim:

As requested in Alameda County Environmental Health's October 25, 2013 Directive Letter, the List of Landowners Form was received on November 12, 2013 and the public comment period ended on December 23, 2013 for the case. ACEH did not receive any comments regarding the potential closure, therefore, site well decommissioning may commence on January 7, 2014. Please submit the Well Decommissioning and Waste Removal Report by February 1, 2014.

Thank you,

Hi Karel,

The public comment period for the closure of the subject site ended on 12/23/13. Can we go ahead and abandon all site monitoring wells on 1/7/14?

Happy Holidays!
