Hello everyone:

Thank you for participating in the July 31, 2014 meeting with Alameda County Environmental Health (ACEH) at our office to discuss the case status. The Responsible Parties (RPs), the Cotters and the Coyle's, have decided to proceed with site remediation irrespective of site development, a modification from the ACEH-approved *Feasibility Study/Corrective Action Plan* (FS/CAP) dated October 8, 2013 prepared on your behalf by URS. As a result, the Remedial Design Implementation Plan (RDIP) will be submitted to ACEH by September 19, 2014 instead of October 17, 2014, as agreed to in our meeting. This is the only due date change from the due dates listed in the June 5, 2014 Directive Letter's Technical Reports Request Schedule. Additionally, the RDIP will include a table indicating RP-funded activities and USTCF-funded activities.
