Hi Jerry,

The fact sheet has been mailed to both owners and tenants with residences or properties within 200-feet from the subject property. For your convenience, I have attached the final contact list. The Excel file has two sheets. Sheet 1 is the complete contact list. Sheet 2 is the people who were sent fact sheets, which excludes duplicate addresses of those property owners who own more than one property within the specified radius.

Please contact us with any questions or comment.

Sincerely,

One last thing. After you mail out the Fact Sheet, please send me an email verifying that it was mailed out. I will add the verification email to our case files.

Kevin,

Yes, the Fact Sheet is approved for mailing to the landowners and residents or occupants of the listed properties within 200 feet of the site. I will upload the Fact Sheet to GeoTracker so that it appears immediately.
