vac truck - wants to do prior to UST pull
USTs are probably sitting in gw.
He filled out HW manifest for Carbon
Profiling...

Car wash + bldg will remain.
Ken Betts is the dealer + owns car wash equip.

3 p.o.'s: Dewey Barjockey Paris Co.
South James + William Kimberlin
actually 2 parcels ↑ parcel
bldg owned by p.o.'s.

4-27 mess. fm MM: they Δ Carbon + restarted
system. Erickson will pump dirty gw
on Tue. 5-3 → Gibson.

4-28 Phoned Belinda Erdelt... USTs may not
be pulled in May. Contractor probably
Golden West... may be end of summer.
Dealer wants to stay til end of summer.
In MM: why wasn't I notified of
Carbon changeout?

7/28/97 mess fm Nissa of Earth Systems: 353-0320

7/29/97 phoned Nissa: She requested a file review, but has not done so. Her client is a potential buyer, who was wondering if there are any problems w/the current business: car wash. Told her not unless they generate HW, store HM, or maybe stormwater inspection.

8/6/97 mess fm Phil Briggs: He understands ML is reviewing the RA. When will he get an approval letter? They want to do commercial development.

Gave mess to ML

Lm for Phil: I gave your message to ML. A written approval should come from ML. I am not doing site mit work after this week.

RMP approved 10/27/97
