Dear Mr. Wickham,
I am acknowledging that you had requested a Revised Work Plan as of April 10, 2008.
However, I have put out a request for bids on a Revised Work Plan to 4 different
engineering companies and only one has responded that they can have a Work Plan
ready to submit to you by April 10, 2008.
Please advise me if you can consider a one week extension on the April 10th date

in order for us to have a minimum of 3 bids to consider.

Respectfully yours,

Thomas O. Gillis
