Matt,

It is unlikely that I will be able to review your work plan on a timely basis. I am estimating that I will not be able to get to it before all of the new resolution site reviews have been concluded and at this time, we are estimating that will be one year. Please reduce your monitoring to annual monitoring until I can review your work plan but continue free-product monitoring/ sock replacement as necessary- semi-annually as per your suggestion.

Regards,

Barbara Jakub, P.G.

Hi Barbara,

Per our telephone conversation yesterday, Wareham is fine with postponing the work for the subject property described in the work plan that is in your pile for review. You mentioned a one year postponement on the phone. Can I pass that one year time frame along to my client for their budgeting purposes?

Thanks,  
Matthew B. Hall, PE
