Returned John Alt's call, consultant for Trucker's Friend site located at 1395 7<sup>th</sup> Street in Oakland. John stated that they have not done any work since 1999 and no work has been requested, so there is no need to upload anything in Geotracker. I told John that our 2002 letter requested a waste oil investigation report, since only lab data was submitted, and a work plan to investigate the gasoline USTs. John claimed that he was not aware of this letter. I told him that I would review the site and issue a Directive Letter shortly. In the interim, I told John to claim the site in Geotracker.
