**Subject:** 1482 67th Street, Emeryville - Former Clearprint Site - ACEH Closure Certificatio

Donna,

As a follow up to Rick Freudenberger's e-mail dated June 20, 2005, monitoring wells MW-1 and MW-2 were destroyed at the referenced site on June 22, 2005. The ACDPW inspector was present during well destruction activities. As previously noted, Environmental Strategies will drop off a copy of the letter documenting the well destruction activities to ACEH this afternoon.

In addition, we will also drop off a copy of Environmental Strategies' letter dated June 17, 2005, which documented the uncovering and inspection of MW-3 and was provided to Mr. Barney Chan of ACEH.

We plan to meet with Barney on Monday, June 27, 2005 to assist in any way possible to expedite the closure certification. The purchase agreement for the property transaction requires the closure certification by June 30, 2005 and we appreciate your assistance in helping us meet this deadline.

Best,  
Sharon
