Mark,

I hope all is well and you had a nice Thanksgiving holiday.

I am checking in on the closure proceedings for this case. I understand that the public comment period still has a few weeks to run. Nevertheless, have any comments been received to date?

Rob

Rob,  
Probably the best certification document I've seen in awhile; thanks. I think this is all we should need for now. I'll put the date in my Outlook calendar to catch it at the other end, so we can followup on any comments (probably unlikely, but you don't know until the end!).

Mark,

The public notifications have been mailed in accordance with your letter to Rockwood Christie dated October 21, 2013. Attached is a personal certification of public notification as we discussed on Monday. Also attached is a completed List of Landowners Form.

Both documents will be uploaded to ACEH's ftp site, and also to GeoTracker.

I understand that today is the start of the 60-day public comment period. Please let me know if I am mistaken, or if you need anything else from me or Rockwood Christie at this time.

Thank you for your continuing help to move this case to closure.

Rob
