**Subject:** RO058, Unocal #6129 (351639) 3420 35th Ave, Oakland CA - Groundwater Plume Evaluation - due date extension

Dear Mr. Nowell,

Following our August 13, 2015 meeting we are requesting an extension to the Groundwater Plume Evaluation due date noted in the June 25, 2015 ACEH directive letter. Item #1 in the directive was to make a third attempt to contact the irrigation well owner on Arkansas Street. A third request was sent on July 29 and we have record of the acceptance signature on July 30, 2015. We are requesting an extension to **September 30, 2015** to give time for the well owner to respond and also to produce some additional graphics to support our potential case closure as discussed in the August 13, 2015 meeting.

Thank you
