**Subject:** RE: Workplan for Case # RO0000063, 6655 Hollis Street, Emeryville

Leonard,

That would be fine and it would be great to see progress on this case. Please use this email as approval of your request. I'll update Geotracker to reflect the new date.

Thanks,

**Subject:** Workplan for Case # RO0000063, 6655 Hollis Street, Emeryville

Dear Mr. Detterman,

AllWest Environmental, Inc. has been retained by our client, Mr. Walter Merkle of Kay & Merkle, LLP, who is representing MCG Investments, LLC, the current owner of the property at 6655 Hollis Street, Emeryville, CA. This property was formerly occupied by McGrath Steel, and is ACEH case # RO0000063. According to your letter dated November 19, 2010, a workplan for subsurface investigation at the subject property, or additional previous subsurface investigation reports, was due to the ACEH by January 17, 2011. Since AllWest has just been retained as the environmental consultant to perform the additional investigation, and we have no access to any previous reports or information other than what is on the ACEH FTP site and Geotracker website, we request that the deadline for submission of the workplan be extended to October 15, 2011.

Please call me at the number below or e-mail me at [leonard@allwest1.com](mailto:leonard@allwest1.com) if you have any questions.

Thank You,

Leonard Niles, P.G., C.H.G.  
Senior Project Manager  
AllWest Environmental, Inc.
