Nancy and Xinggang,  
I have already extended the submittal date until September 9, 2016 on Geotracker. You can use this email to document the extension date if needed.  
I'm not sure what happened, but have my suspicions; regardless sorry about the miscommunication.

Hi Mark,

This is the first time Nancy and I have seen your approval letter for the RO0000068 site. Could you possibly extend the due date by three months? The City is also working on budget and it may take another two months to get budget approval.

Thank you,

Nancy, Nadine, and Xinggang,

I am not certain, but It appears that the attached directive letter may not have been sent out on March 30<sup>th</sup>. If this is the case then the delivery date should be extended; please let me know and I will extend the date. I wanted to get this to you once I discovered this conundrum.

Attached is Alameda County Environmental Health's (ACEH) correspondence for your case, RO0000068

Please add our email address to your book to prevent future e-mails from being filtered as spam.

Thanks
