deh.loptoxic,  
A groundwater monitoring report has been uploaded to the ACGOV/ACEH ftp site.

Please delete the xls file I accidentally uploaded.

Paresh,  
The related .xls file is attached. When do think responses will be ready in relation to: the SCM, groundwater monitoring reports and the Soil Investigation Workplan?

Thank you,

A groundwater monitoring report has been uploaded to the ACGOV/ACEH ftp site. Please let me know if this process has not occurred properly.

Paresh,  
The related .xls file is attached.

When do think a response will be ready in relation to the SCM, previous monitoring reports and the Soil Investigation Workplan will be complete?
