Subject: RE: CASE #: RO0000076

Mr. Detterman,

We have tentatively agreed with the property owner at 721 W. MacArthur Blvd. to conduct the indoor/outdoor air sampling on October 24th and 25th. We will attempt to sample SV-9 again, as it was submerged during the previous sampling event.

Thanks,
Carl

Carl,
Thanks for the update. ACDEH can write a letter to the property owner requesting they cooperate with the investigation if it is needed. I'd recommend you keep attempting to work out an agreement, but if you believe it would be useful for ACDEH to write the letter, please let me know.

Subject: CASE #: RO0000076

Mr. Detterman,

I want to apologize as I forgot to provide 72-hour notification for the 3Q soil vapor sampling of probes SV-8 and SV-9, which occurred on 8/25. SV-9 remains submerged, likely due to sustained high water levels from the previous winter. SV-8 was sampled successfully.

Access negotiations are ongoing with the offsite property owner. Attempts to contact by phone or mail were unsuccessful, however, we are now working through an intermediary that knows the property owner in an attempt to explain the purpose of our work.

Thanks,
Carl
