Hello Kathleen,

In December 2010, I left the Local Oversight Program (LOP) to take another position within Alameda County. At this time, I am only working in the LOP on a limited basis while my vacancy is being filled. ACEH is aware of your closure request, but may not be able to respond to it in the requested time frame. Please note that this does not necessarily mean that your closure request is denied.

In the recent past, ACEH has been responding to all BP/ARCO cases in a timely fashion and have closed several cases, where applicable. During this time of transition, your patience and cooperation will be greatly appreciated, as ACEH wishes to maintain its favorable working relationship with BP/ARCO.

Please do not hesitate to contact me should you have any questions or concerns regarding this e-mail correspondence.

Sincerely,

Paresh C. Khatri
Sr. Hazardous Materials Specialist

Mr. Khatri,

As you may be aware, Atlantic Richfield Company (ARC) has retained the services of Closure Solutions, Inc. in a statewide effort to identify environmental cases that appear to meet the State criteria for low-threat closure. It is our understanding that Atlantic Richfield Company submitted a No Further Action Request (Closure Request) to your offices on July 27, 2011. Our records indicate that your office has not yet responded. The attached letter respectfully requests that you consider the merits of the Closure Request and provide a response within 60 days of the submission.

Thank you,

Kathleen Waldo
